Nanded

June 2018 – July 2020

### Secondary School Examination

Latur Divisional Borad

- Final Percentage: 79.60%

Nanded

June 2018

## Projects

### Business Consulting

- **Dynamic Investor Dashboard:** Develop a real-time dashboard displaying active investment opportunities, investor profiles, and proposal statuses.
- **Interactive Proposal Submission:** Create a user-friendly interface for entrepreneurs to submit and update their business proposals, including multimedia support.
- **Real-Time Notifications:** Implement a notification system to alert users about new investor interests, proposal updates, and platform announcements.
- **Responsive Design:** Ensure the platform is fully responsive, providing an optimal user experience across devices using React's component-based architecture.

### Online Medical Shop Website

- Developed a responsive and user-friendly online platform for purchasing medicines. Implemented key features including product listing, search functionality, shopping cart integration, and order placement.
- Focused on intuitive UI/UX design to enhance customer experience and ease of navigation.
- Ensured cross-browser compatibility and mobile responsiveness to support users across devices.

## Internship

### Intern at TLogic IT Solutions, Nanded

Jan 2025 – July 2025

- Worked on real-time React.js projects, focusing on building dynamic and responsive front-end components. Learned database management by implementing queries and CRUD operations in MySQL.
- Learned state management and API integration using tools like React Hooks, Axios, and Context API.
- Collaborated with the team to optimize component performance and improve the scalability of the front-end architecture.

## Courses and Certifications

- Completed hands-on training in Java Programming from Infosys Springboard.
- Gained experience in building and deploying web applications using HTML, CSS.

## Achievement & awards

- Participated in the National Level Poster Competition held at Poona College, Pune.
- Secured 78% in the C and 70% in C++ Language from AIMS COMPUTER INSTITUTE, Pune.
- Participated in Elementary Drawing Grade Competition and International Grade Examination, Nanded.
